

CATEGORIES

To meet the requirements of the choreography, we created three categories with different levels of complexity and freedom of movement.

- **Football Wear**
- **Off-the-Rack**
- **Extravaganza**

Football Wear: This includes football kits (e.g. shirt + shorts) or training clothes (e.g. tracksuit + trousers) that allow you to play football without hindering your movement. The outfits can be male, female or unisex.

Off-the-Rack: These outfits (M-F-unisex) have a relatively loose fit that allows you to move around freely on a daily basis. They don't necessarily have to look like a football kit.

Extravaganza: More complex - exuberant even - these outfits feature a more elaborate level of detail and research, reminiscent of haute couture catwalks. The outfits can be male, female or unisex. The practicality of the silhouettes and freedom of movement are not selection criteria for this category.
